SSI:

LSI:

OTHER:

TO BE PERFORMED:

3. ACTION MAY BE APPROPRIATE UNDER OTHER AUTHORITY: RCRA:
NPDES: SPCC: 404: TSCA: UIC:
SMCRA: STATE: OTHER:

DISCUSSION:

Fared (Robot) Systems assembled robotic systems. Robots were machined, welded and painted onsite. On November 13, 1989, FRS filed bankruptcy. The property is presently occupied by Allied Electronic.

FRS notified EPA that their operation generated less than 1000 Kg per month of Hazardous Waste. Wastes generated were containerized in drums for disposal off-site.

FRS lacks a large waste quantity, available environmental receptors, or a high potential for release of hazardous substances. Therefore, It is recommended that no Further Remedial Action be Planned under Superfund. However, RCRA or TWC may want to evaluate this site since it appears that another company is occupying the premises.

RECOMMENDATION: (NFRAP)
